2026 SHIPPED SEMEN PROCEDURES SHEET

1. ***Semen Collection & Shipping Days.*** Semen and collection days are Mondays, Wednesdays, and Fridays. M-W-F collections may be sent via FedEx overnight delivery or via airline (***only*** Southwest) for same-day delivery. There is a $25 Saturday delivery surcharge due to additional UPS/FedEx fees for shipments shipped on Friday to arrive on Saturday.

****Please be sure to complete and return the Shipped Semen Information Sheet and keep a copy for your own reference.***

2. ***Requests for Shipments.*** Shipment requests must be made **by phone** to Bar E North at **(303) 243-0162** no later than 9:00 a.m. MST on collection/shipping days. If the Stallion Owner is notified of the request, please be sure to also notify Bar E North. (Requests for same-day airline shipments should be made earlier than 9:00 a.m. MST, if possible, as flight schedules are limited.) When possible, please notify Bar E North of your mare's reproductive status so that a shipment date may be anticipated before the final order. Requests for collections and shipment will be honored in order of receipt.

3. ***Payment.*** Payment arrangements must be completed prior to shipment of semen. Domestic shipments will be billed at the rate of $395.00 (US) per shipment/per mare for overnight weekday delivery (domestic) with a Saturday surcharge of $25.00. Same-day DIA or COS airline delivery (for domestic pickup only) will be charged an additional $150.00 courier fee. Credit card payments are accepted via phone.

4. ***Container Return.*** You must return the semen shipping container to Bar E North within 48 hours after insemination to avoid late fees at the following address:

Bar E North Breeding & Performance Horses, LLC
17112 Highway 86
Calhan, CO 80808

Please ***do not*** return the units via U.S. Mail as they do not deliver directly to our facility. FedEx or UPS is fine. We recommend that you insure Equitainers for $300.00 in case of loss of contents or the entire unit. Equitainers not returned to Bar E North will incur a $300.00 replacement charge. Styrofoam shipping containers not returned will incur a $40.00 charge.

5. ***Frozen Semen.*** All frozen semen will be shipped domestically via two-day or longer service at the above rates. Overnight service will incur an additional fee determined by the destination. International shipments will be quoted.
