BAR·E·NORTH

2026 Breeding Price List

Stallion Management	Description	Price
Stallion Boarding (resident stallion)	Full-care board, including a 12x20 stall with turnout, blanketing, lights, and regular grooming and loping.	$900/month
Short-Term Stallion Boarding	Short-term board.	$35/day
Shipped Semen	Semen collection, evaluation, and packaging for shipment. *Price is **per shipment/per mare** shipped. A single collection that is processed for multiple mares will be billed at the stated rate for each mare. **The stallion owner will be responsible for all collection/shipping costs for receiving mares unless the receiving party has made payment in advance to Bar E North.	$395
Courier Service	Counter-to-counter (same day) shipments of semen will be taken to/picked up from DIA or Colorado Springs. The quoted fee is applicable when semen is transported by Bar E North. Should an alternative courier service be required, the client will be billed for that service provider's fee. *This fee is in addition to the shipped-semen fee.	$150
Semen Collection	For mares managed on site to stallions standing at Bar E North. *This fee does not apply to semen that will be shipped or used outside Bar E North's premises. **This will be charged to the mare owner unless otherwise requested by the stallion owner.	$200
Freezing Semen	Semen processing and freezing. *Includes two extender packets; additional packets will be billed at $125/packet.	$650
Semen Storage	Per 200 straws. *The price reflected is per stallion. **Bulk pricing for >400 straws upon request.	$30/month
Breeding Soundness Evaluation	The evaluation includes two semen collections and basic evaluation, sperm morphology, testicular measurement, bacterial cultures, and DVM letter regarding breeding status.	$750
Semen Collection and Basic Evaluation	Collection and basic evaluation by veterinarian.	$215
Cooled Semen Evaluation	Evaluate 24- and 48-hour motility and prepare formal letter.	$190
Frozen Semen Evaluation	Evaluate 0-, 10-, and 60-minute motility and concentration and prepare formal letter.	$200
Phantom Training	Per 45-minute training session.	$275

Mare Care & Management	Description	Price
Mare Care (wet or dry)	Full care with 12x14 stall and turnout or shed row with run. *Supplemental feeds to be provided by the mare owner.	$35/day
Mare Cycle Management	This fee will cover management as well as vet fees limited to ultrasounds and inseminations (semen collection **not** included) in a single normal cycle and will include three ultrasound checks for pregnancy during the stated breeding season. The fee applies both to donor and recipient mares (e.g., two management fees will be billed for managing the donor and recipient mares). *The fee does not include the administration of hormones/drugs commonly used in reproductive management, nor does it cover any reproductive procedures beyond ultrasounds and inseminations. Additional veterinary services will be billed and separately itemized. **Should the mare require management and breeding beyond the first cycle, subsequent cycles will be billed at the discounted rate.	**Fresh or Cooled Semen** $600.00 $550.00 for subsequent cycle(s) **Frozen Semen** $650.00 first cycle $600.00 for subsequent cycle(s)
Embryo Management & Collection	Embryo(s) may be collected at Bar E North and transported to a recipient-mare facility for transfer. Mare owners must contract with the recipient facility of their choice and Bar E North will ship the embryo to the desired facility. Bar E North will manage the donor mare through the cycle in which she is bred and the mare owner will be charged the standard first-cycle fee quoted above (subsequent-cycle discounts do not apply to cycles bred for embryo collection) as well as semen collection fees. *Technical services, materials, and uterine lavage costs are included. Transfer of the first embryo is also included. **Courier or shipping fees will apply to the transport of the embryo to the recipient facility.	$550 per collection attempt
Embryo Vitrification	Fee for vitrification of a single embryo.	$325
Embryo Transfer Fee	In cases of multiple embryos, Bar E North will charge a transfer fee for the second embryo.	$150
Warming & Transfer Fee	For embryos both warmed and transferred by Bar E North.	$450
Embryo Storage Fee	Up to four embryos.	$30/month
Foaling Management	**Description**	**Price**
Foaling Services	Includes video surveillance, milk calcium and pH screening, and colostrum evaluation on the mare. *NEW for 2026: Bar E North is adding Foalert® monitoring. The price is included in the foaling-services price. **If additional vet services are required, they will be billed and separately itemized. Owner agrees to pay veterinary fees and charges associated with additional, non-routine therapy deemed necessary for proper management of the pregnant, foaling, or postpartum mare or the newborn foal.	$825 plus mare care
